## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art does not disclose nor suggest at least one compensating resistor arranged at a second location in or on the membrane, the at least one compensating resistor having a resistance value that is a function of pressure-induced mechanical stresses in the membrane, the resistance value of the at least one measuring resistor changing at the first location with a first linear component and a first quadratic component as a function of the pressure and the resistance value of the at least one compensating resistor changing at the second location approximately without a linear component and with a second quadratic component, which is proportional to the first quadratic component, as a function of the pressure..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
